Answer

MINISTER OF STATE IN THE MINISTRY OF RURAL DEVELOPMENT (SHRI ANNASAHEB M.K.PATIL)

(a) Central Rural Sanitation Programme (CRSP) has undergone a paradigm shift since 1999 from an allocation based, supply driven to a community led and demand driven program called Total Sanitation Campaign (TSC). Accordingly, at present, no state-wise annual allocations are made. Release of funds under Central Rural Sanitation Programme to different States following the demand-responsive approach, during the last two years and current year, is given in Annex-I.

For TSC projects, an entire district, including ST/SC and backward areas therein, is the area of implementationAs per TSC guidelines, at least 25% of funds are to be spent for construction of individual household toilets for Scheduled Castes and Scheduled Tribe beneficiaries.

(b) In order to ensure effective implementation of the programme, its scope has been increased to include school sanitation, hygiene education, sanitary complexes for women, setting up of Rural Sanitary Marts & Production Centres and taking up awareness generation, advocacy and educative campaigns for social mobilization and capacity building of different stakeholders. Review Missions are sent to the project districts to monitor implementation of the projects and guide the project officials.

As an incentive to Panchayati Raj Institutions (PRIs), Nirmal Gram Puraskars (NGP) have been instituted. The PRIs attaining fu sanitation coverage, eliminating the practice of open defecation and manual scavenging, in their respective areas, are eligible for the reward. Individuals and organizations doing commendable work are also entitled for reward.

(c) Under Central Rural Sanitation Programme, subsidy is provided for construction of individual household latrines for Below Poverty Line (BPL families) which is common for all States. The subsidy pattern is given below: -

Basic Low Cost Unit Cost (Rs.)of individual latrContribution

	GOI	State	Beneficiary

Between Rs.625/- and Rs.1000/-	30%	30%	40%
